Douglasville Tex
Sept., 19th, 1924.

Mrs. J. C. Collins,
Ramsville, Ga.

My dear Coram:

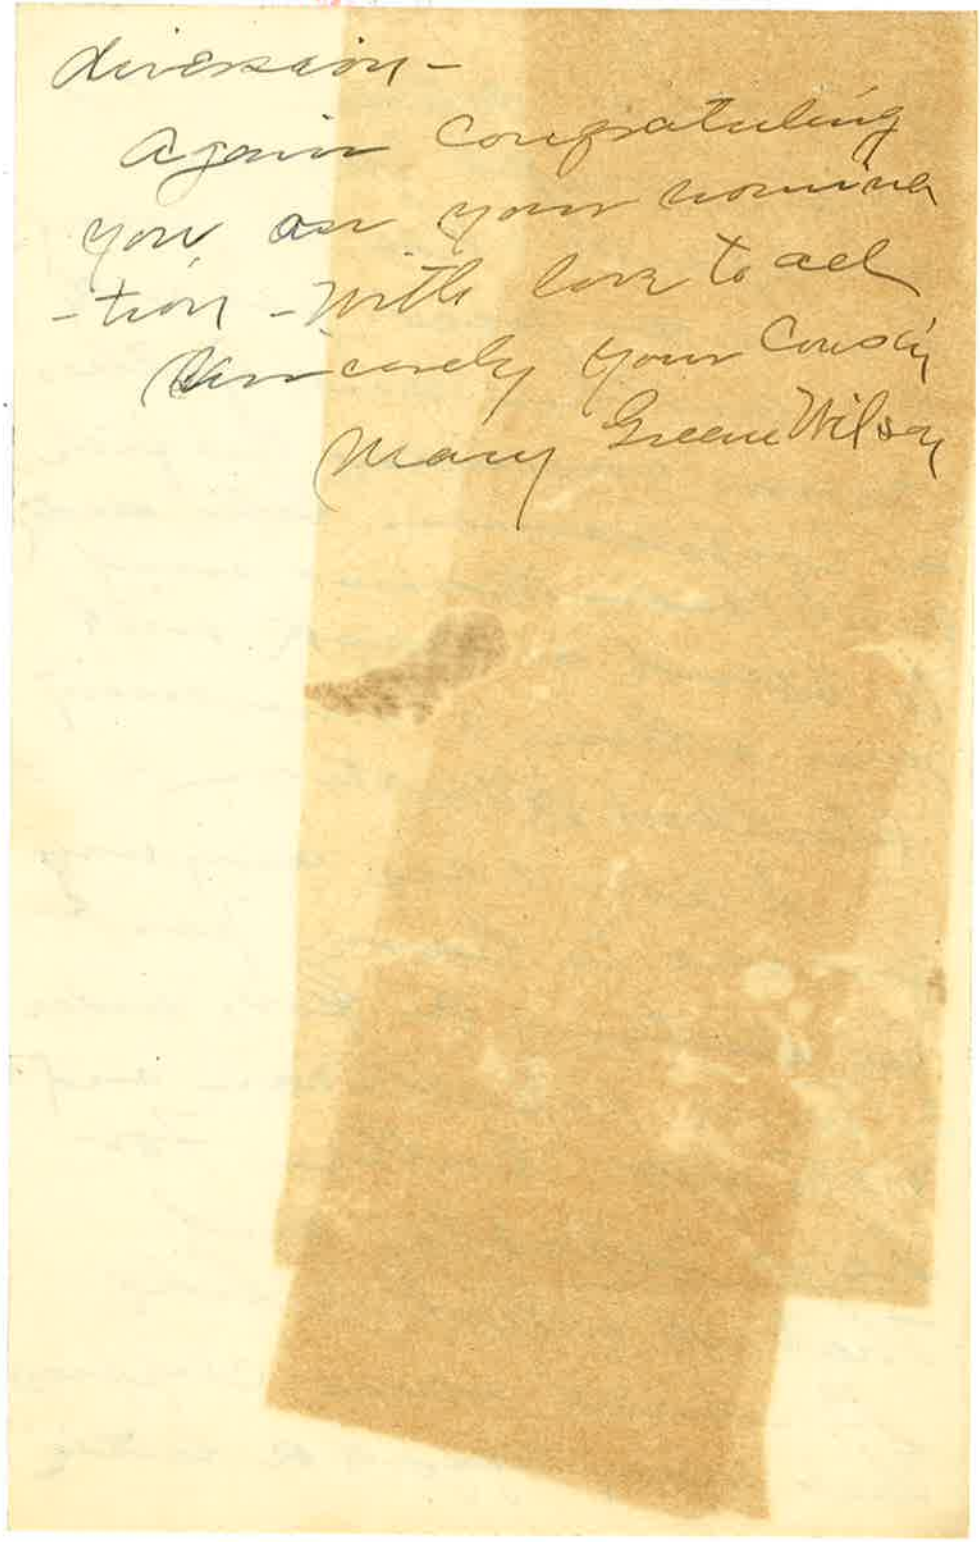
Congratulations on your election as senator I mean nomination - that shows how much I think in the political world - It is a link in the index of my interest in woman suffrage - I only remember something that affects me personally and I am proud of this among other honors that have come to you - So I'll remember this - Then I am utterly disgusted that we've nominated a Governess for Tex. - especially, elected as nominee under

Circumstances as exist - She is just a good home-maker - mother of six children and seems to me her heart would be on there - It is just a way Ferguson has of riding or riding over those who brought about his impeachment - and since that incident, he has run on Independent American ticket - and verbally sank the Democratic party to "the shades" - You've read all this and more I've seen - Now, personally I'll remember this for I did not vote for any one for Gov. and by next year I'll

Dorjet for whom I did
vote - except Morris
Sheppard - Lee is grand -
I was a great pet with
his mother and father
(Morris succeeded his father
as Congressman - later elected
U.S.S.) and Morris used
to spend a week with
us when a University
student on vacation -

I don't see any way
for me to have part
in electing a Gov. under
I Turn Republican - and
vote for Butler - For
he is capable and
that is what I like -

Enclosed some clippings
that may afford a little



Dearest -

Again Congratulating
you on your coming
-tion - With love to all
Sincerely Your Cousin
Mary Greenwood
